+91 8808712755 ☎

I'm a passionate, self-taught programmer, with expertise in Flutter. My primary goal is to excel as an Android developer. I thrive as a quick learner and value teamwork, finding joy in collaborative problem-solving. My aim is to innovate and grow continually in the dynamic world of software development (my portfolio)

EXPERTIES

- Flutter
- Bloc State management
- UI/UX Designing

ADDITIONAL SKILLS

- C++
- Java
- Node JS
- Python
- Firebase
- DSA
- MySQL
- GIT

EDUCATION

Masters of Computer Application
Ongoing (**8.5 SGPA** in 1st sem)

Bachelor of Science
passed with **60%** marks

Intermediate
passed with **80%** marks

High School
passed with **91%** marks

PROJECTS

Using Flutter
Portfolio Maker WebApp   (Project Link)

Developed a Portfolio Maker website using Flutter with **Bloc** State Management and **MVC** architecture. Implemented a **modern UI** and a custom **authentication** system integrated with real-time **email notifications**. Utilized the **Dio** package for efficient network handling. The platform enables users to edit and publish portfolios on provided **domains**, eliminating the need for custom **hosting** or domain purchases

Using Flutter
Task Tracker Webapp   (Project Link)

The applications feature comprehensive **authentication** and database management through **Firebase**. while this journey enhanced my skills in **CRUD** operations, prototyping, code management, and more. It allows user to track their progress and daily tasks.

Using Flutter
Wallpaper Showcase App   (Project Link)

Built a dynamic wallpaper app using the **Pixel API** to fetch and display real-time updated images with **smooth animations** on a modern UI. Integrated a search bar for custom **image searches** and provided functionality for users to **download** their favorite wallpapers.

Using Java Swing
Business Mangement Software   (Project Link)

This software streamlines stock and sales management, offers an integrated messaging system for team communication, and includes a dedicated analysis module for stock and staff performance.

OTHER ACHIVEMENTS

Hackerrank DSA (INTERMEDIATE) certificate
https://www.hackerrank.com/certificates/8640e294e236

leetcode Contest Rating: 1800+ (top 8%)
https://leetcode.com/shashank1q/

Coding Contest Winner
winner of coding contest at Annual Tech Fest organized at our college KIT

Debate Competition
participated in multiple debate competitions organised at college level
